

## Fountain Valley Schools Foundation

### Grant Application

---

Fountain Valley School District teachers, staff, students and or community members sponsored by certified FVSD staff may submit a FVSF Grant Application Form. We look for grant requests that advance our mission to enrich each student's academic experience by providing cutting edge technology and resources to inspire them to think, to create, and to achieve.

All requests are reviewed by the full board of directors, the process is thorough but not complicated or time-consuming, so we can respond quickly to worthwhile requests.

The Fountain Valley Schools Foundation encourages grant requests from all schools within the District and from a broad range of staff and subject matter so the awards can be distributed as equitably as possible throughout the District. Grants must directly benefit students. There is no minimum or maximum request. Grant checks will be made payable to the schools. Grant recipients may be requested to complete a follow-up report and/or to fully account for the expenditure of such funds.

Grant applications should be made 60-days in advance of the time needed, to assure timely consideration.

## FVSF GRANT APPLICATION

Request Title

Amount Requested

Project Leader

Email

Phone

Name(s) of other individuals involved in writing and/or implementing this request:

School(s)

Check applicable area(s) of focus

☐

Arts/ Music

☐

Science, Technology

☐

Struggling Students / Advanced Learners

☐

Health & Enrichment Programs

☐

Teachers Excellence

☐

Other

Total number of students impacted in year one

Total number of students project and/or products purchased are estimated to provide impact

Total number of students projected to be impacted by the life of this grant

## FVSF GRANT APPLICATION

Describe the proposed request. Include information as to where and when this will be implemented and how teachers, parents, students, community, etc., might be involved

How will students benefit from this request

What do you hope to achieve if given this grant? How will you know if it is successful? What strategies will you use to measure success and evaluate the impact on student learning?
